

# Carroll County Board of Developmental Disabilities

## 2010 Community Survey

The Carroll County Board of Mental Retardation and Developmental Disabilities serves more than 200 individuals of all ages who have mental retardation and other developmental disabilities.

The continued growth and development of the Carroll Hills Program is highly dependent on getting appropriate feedback from the community regarding services currently provided and suggestions for improvement.

As we formulate our 2011 action plan we are turning to you to get the community input to help us prioritize our needs and concentrate our efforts in specific areas.

We hope you will take a few moments to complete this survey. Your responses are important to us.

Sincerely,

Matt Campbell, Superintendent  
Carroll County Board of Developmental Disabilities

*A public hearing on our proposed 2011 Annual Action Plan will take in December 2010.*
